The Heart Beat...

Barry Falin

Barry,

Well, it's time for me to be leaving this place for good. I'm gonna miss ya, we had a lot of good times, especially in Mechanics of English. Between Julie, you, Doug (when he decided to show up) and me, we turned that class upside down, and I have to admit it was a hell of a blast. Art would be a hell of a lot more fun if we could get rid of the teacher. Well, thanks for what you wrote in my annual, and an, no physical work with Mel. (HA-HA). Take care, and stay out of trouble.

Love

P.S. "Sorry. Jack "87"

LOCAL SUCCESS STORY

The evolution of Mr. Rice

Each year the annual is dedicated to someone at Ithaca who is deserving of such an honor, and who should be pointed out for special recognition. These devoted people, who give more than what is asked, make Ithaca special. Because there are so many people who are deserving of this honor, the person selected is even more special. The responsibility for making this year's selection was placed in the capable hands of the senior class. The 1986-87 annual is dedicated to Mr. Dan Rice. He was chosen for some obvious reasons. Mr. Rice is more than just a teacher, he takes the time to be a friend. In addition to being a coach, teacher, husband, and father of four, he still manages to show up at almost every activity where Ithaca students are involved. He does this because he cares. These are just two examples of the quiet dedication which Mr. Rice demonstrates. To help understand our feeling towards Mr. Rice, we must examine his background here at Ithaca. He experienced a hazardous beginning in coaching. In his first two years of coaching basketball and football, his teams did not win a game in 37 attempts. Since then, his record has improved. In the last 3 years, the football team has achieved winning records, the last two sufficient enough to win conference titles. The 1986-87 version of the Ithaca Bulldog Football Team may, in fact, be the best Ithaca has ever had. The football team has had excellent personnel: but just as a ship without a captain will not reach harbor, a team without a leader will not attain its goals. The success of the football team can be directly attributed to Mr. Rice.

The leadership, which he demonstrates now, was developed in his student days at Ithaca. He was involved in basketball, baseball, and football all four years during his high school career. He earned all-conference honors in each sport. He was also very well liked; he was elected both Prom and Homecoming King. His rare combination of compassion and understanding, which developed in his student years at Ithaca High School, helped make him become the outstanding person he is today.

We, the students of Ithaca, know that Mr. Rice's door is always open, and that we can turn to him with our problems, large or small. The fact that the vast majority of people at Ithaca consider him a respected teacher and a cherished friend is the highest tribute that can be made. This dedication is to show our profound appreciation and to make up for all the thank you's we missed.

Homegrown Hero

Don't let the face fool you, I'm about to say something intelligent.

No, sheriff, I don't remember where I lost my car, I just know I lost it.

If I changed my shirt from year to year, I wouldn't be scratching all of the time.

ORGANIZATIONS

Homecoming 1986

Homecoming '86 provided us with many memories. Each day of the Homecoming week consisted of a different activity. Monday was Wild West Day, Tuesday was Slave Day, Wednesday was Out-of-this-World Day, Thursday was Dress Down Day, and Friday was Purple and White Day. Throughout the week, students were hard at work preparing their floats. Thursday night was filled with excitement. It started out with a Powder Puff football game. Then came the skits, tug-o-war, and the bonfire. The seniors took first in the skit competition, the cheerleaders took second, and the juniors took third. King Ken Anderson and Queen Peg Durkin were revealed during the skit competition by the cheerleaders. The tug-o-war was a hard fought battle but the seniors won first place. The Ag Club was second, the juniors were third, and the faculty ended up with fourth. Friday night brought the football game where the Bulldogs battled the North Crawford Trojans. The Bulldogs destroyed the Trojans 27-12 to brighten up the best Homecoming ever. Saturday was the traditional Ithaca School Fair. The floats were judged on Saturday because of the terrible weather on Friday night. In the float competition, the Freshmen placed first, the Sophomores placed second, and Seniors placed third. The excitement and fun of Homecoming '86 was coming to an end with the final event — the Homecoming Dance. The people danced to the music by Dave Bangert. Last year's royalty Greg Olson and Lisa Louis crowned Ken Anderson and Peg Durkin Homecoming King and Queen for 1986. The other members of the Homecoming court were Freshman representatives Brian Thielmann and Jennifer Neefe; Sophomore representatives Mick Huebsch and Mindy Wiedenfeld; Junior representatives Travis Clary and Barb Nugent; Senior representatives Troy Clary, and Lisa Koch, Terry Dobbs and Becky Mears, Shane Clary and Anita Brown. As the music died down around midnight Homecoming '86 became history.

1986 King and Queen

The Juniors worked very hard to make their Junior Prom very special. They picked Pink, Blue, and Silver for their colors and they picked "These Dreams" for their special song. The Juniors held Prom April 12th at 9:00. And they had Phil Nee as the D.J. As Phil played "These Dreams" the 1986 Prom Court was announced. The 1986 King and Queen, Troy Clary and Kris Lee were announced. They were joined by the 1985 King and Queen, Dominic Anderson and D'Anne Henning. The miniature King and Queen were Kyle Nelson and Rhonda Clary. Other members of the 1986 Prom were: Paul Newkirk and Lisa Koch, Ken Anderson and Anita Brown, Shane Clary and Peg Durkin, Colin Nugent and Becky Mears.

The Student Council serves as a mouthpiece of the student body at Ithaca. The membership is elected from the various grades making up the junior and senior high school. There are sixteen student members plus faculty advisors. The council serves as a liason between the students and faculty/administration, suggesting changes in student policy and assisting in the resolution of school wide problems and concerns. The council uses the funds it raises for the betterment of the learning atmosphere in the school with such projects as classroom shades and drape replacement, classroom fans, donations to annual staff, etc. The council tries to project an attitude that the school is not just the concern of the faculty/administration, but includes the students as well.

"Combing out the errors."

Music

This year's 36-member high school choir sang a wide variety of music. They were able to study stylistic traits of pieces by Handel as well as swing to the beat of Whitney Houston.

"The talent of the individual choir member was the Key factor in determining what the choir could do," emphasized Jamie Skjeveland, director. "I really enjoyed working with senior choir because they all work very hard and really improved their vocal technique this year."

A lot of interest and enthusiasm was shown by all the band members at Ithaca. They were enthusiastic players, who worked hard and put a lot of energy into the rehearsals.

Playing at the Ithaca fair was an exciting experience for the junior high band. The 8th-12th grade band members generated much school spirit by performing at sports events and pep rallies throughout the year.

The 45 instrumentalist at Ithaca were able to produce very strong, hard working groups; we were able to pull everything together for some great performances," commented Mr. Skjeveland. "The kids were willing to play any kind of music, so we played many different pieces. Some of our songs were challenging, but others were just plain fun!"

Music isn't like any other class. Sure, you work hard, but you get a different kind of satisfaction because everyone works together to make the group sound its best.

According to Mr. Pilla, 12 year veteran coach, the 1986 forensics team "had as much success as any Ithaca team." Twenty-eight people advanced to the district level after gaining the first place trophy in the subdistrict competition held at Riverdale high school on March 10, 1986. Ithaca speakers took first over Boscobel, Fennimore, Riverdale, and Richland Center.

At the district meet in Platteville Ithaca also found well-deserved success, advancing 15 people to Madison on April 18 for the state competition. Of those 15 people, Peg Durkin, James Wheeler, Heather Neefe, Brent Harper and Marie Pepich recieved the critics choice award for receiving a perfect score of 25. For James Wheeler, Heather Neefe and Brent Harper this was their second consecutive year on the state team. In addition to the critics choice award there were those named "all state". Those named "all state" in 1986 were: Lisa Louis, Anne Lins, Kim Wanles, Dee Bangert, D'Anne Henning, Dave Chitwood, Lauri Hess, and Helmi Wind. Kim Wanless and Anne Lins had the distinction of qualifying for state all four years. Julie Schmitz and Mark Leatherberry were also members of the state team but in spite of their effort they received only the respect of their teammates.

Although not every one qualified for state, each member worked hard and improved. We all hope that 1987 will be as great of a success as 1986.

Once again this year the Ithaca High School Math Team had an outstanding year. At Plattville, the Bulldog's team dominated all other class C schools with a 1st place finish upholding their outstanding record. Top individual scorers at Plattville were sophomore Deb Galston, and seniors, Mark Leatherberry, and David Chitwood.

They also continued their success at U.W. Richland Center where, with hard work, they earned the first place trophy for the second straight year in a row. This year's winning team was led by high individual scorer Mark Leatherberry along with top team scorers, Dave Chitwood, Brent Harper and Chris Spring. Congratulations Math team members we are all very proud of you.

This year's FHA chapter remained an active part of Ithaca High School. Led by this year's officers, President Jackie Wilson and Secretary Kristie Lee, the chapter worked with Passages. Through Passages and monthly speakers the students improved their awareness of both parent and child abuse. In addition to local activity, four people were chosen to go to the 1986 State Convention. They were Mindy Wiedenfield, Darcy Willis, Jackie Wilson, and Shai Faber. Congratulations for the good work, FHA.

Through hard work and determination, the 1986 football bulldogs posted an 8-3 record and missed receiving a State berth by 8 points. Even though the gridders started the season with an 0-2 record, they pulled together to win the next 8 games. After a stunning victory at Adams-Friendship over Iola-Scandanavia, the bulldogs fell to Cambridge 6-14. This year was the first year anyone from the Ridge and Valley Conference had ever won a playoff game and this was reflected on the all-conference selection. Ithaca dominated with 7 on offense and 6 on defense. These people included: on 1st string offense Paul Newkirk — end. Troy Clary — guard, Colin Nugent — center, Terry Dobbs — running back and Doug Engebretson — running back. 1st string defense included: Troy Clary — end. Colin Nugent — tackle, Terry Dobbs — linebacker, and Trent Gander — punter. 2nd team offense included Shane Clary — quarterback and Ken Anderson — running back; and rounding out the team on 2nd team defense were Ken Anderson — defensive back, and Trent Gander — defensive back. A real tribute to Mr. Rice and the team is that Ithaca is the smallest school with a non-combined team to ever compete in the states prep football playoffs. Coach Dan Rice best summed up the reason for Ithaca's success by saying, "It was just a matter of the timing being right. We've got a group of seniors who are our back-bone. This is a special, close knit group." The only thing Rice left out was that another main factor to their success was the coaching staff, which consisted of Head Coach Dan Rice and assistant coaches Fred Dillon and Marty Richards. This year's seniors have spent the last 6 years working with coaches Rice and Dillon and growing into a family unit. The team has a great deal of respect for each other. They posted such a great season not only because they wanted to but because they wanted each other to win. This year's seniors won 6 games their sophomore year, 7 their junior year, and 8 this year for a combined total of 21 wins. This ties the best record for three consecutive seasons ever posted at Ithaca.

Even though the record doesn't show, the Ithaca Volleyball team improved throughout the season. The team had several exciting matches for its fans to watch, even though the final outcome wasn't always what we wanted. The season, though, contains many great memories such as defeating the Seneca Indians one game.

The team contains many hard working individuals. One member improved dramatically and for the season Marie Pepich was voted MIP. Marie was not the only leader on the team. The most dedicated volleyball player was Barb Larrabee. The most valuable player was, for this season, Cheryl Acketz. Later Cheryl Acketz also received post season honors being placed on all-conference team.

These three girls are only examples of the type of dedicated, hardworking athletes that made up the volleyball squad — Mrs. Hanold, Mrs. Pinkstaff, girls we're proud of you!!!!!

The Bulldogs finished their season with an 8-2 dual meet record and winning team championship at the Ithaca Invitational Ridge and Valley Conference, and the Kickapoo Regionals. This season (1986-87) began with a new head coach, Randy Manning, and were ranked #10 in class C. Five returning champs and two returning state qualifiers led the way. As we go to print, they have wrestled their way up to #5 in the Crossface by being undefeated in dual meets, winning team championship at the Purgolder invitational and Class C at the Bi-State Classic, and with 2nd place finishes at the Dodger Invitational and Weston-Ithaca Invitational. Three Bulldogs received state-ranking in mid-season Crossface Poles: Travis Clary, 9th, 132 lbs; Ken Anderson, 5th, 138 lbs; and Terry Dobbs Honorable Mention, 145 lbs. After a disappointing showing at the State meet last year, the Bulldogs are working hard to reach their goals in this year's state tournament.

The 1986-87 basketball team improved as the season went on. In non-conference action the Bulldogs scalped the Riverdale Chieftains with a 62-45 victory. The team was led by high scorer Colin Nugent who had a personal high of twenty-two points. The season was highlighted by a dramatic win over De Soto. Shane Clary hit a last second shot from half-court to lift the Bulldogs to a 48-47 win over the Pirates.

The Bulldogs also beat Hillsboro in non-conference to place 3rd in the Holiday tournament.

Although there was no conference championship this team, led by its seniors, were truly winners!

A Valiant Effort

When the 1986 track season opened it was a great surprise to see the number of guys that were willing to participate in the sport of track. For the first time in a long while there was a participant in every event.

The Ithaca boys' track team placed 4th in the conference meet in 1986. New school records were set by Benji, Troy, and Shane in the high jump, 3200 meter run, and the 300 intermediate hurdles, respectively.

The good turnout and dedication that was put forth by each individual led to a successful season.

In the eyes of the athletes, the success that came with the 1986 track season is one to be remembered by all.

Our girls' track team successfully defended their track title in 1986 by winning their 4th consecutive conference championship. Lisa Koch led the way at the conference meet by taking first in the 800, 1600, and 3200 meter runs. Also, taking firsts were the 800 meter relay consisting of Marie Pepich, Julie Olson, Lisa Louis, and Sara Faga. Others that took firsts were Julie Olson in the 100 meters, Sara Faga in the 200 meters, Joni Davies in the long jump, and Chris Biser in the shot and discus. Setting new conference records were: the 800 meters relay team, Julie Olson in the 100 meters, Joni Davies in the long jump, Sara Faga in the 200 meters and Lisa Koch in the 800 meter run.

During the season the Ithaca squad set 10 new school records and had the highest team finish at state, taking 5th place team wise with 20 points.

Placing at the state meet were Lisa Louis, taking 5th in the low hurdles. Lisa became the first girl in the school history to place 4 straight years at state. Lisa Koch took 5th in the 1600 meter run, and Sara Faga took 3rd in the 200 meters. Joni Davies became the first in Ithaca girls' track history to take a first place at state, while she won first in the long jump. Chris Biser in the discus, and Sara Faga in the triple jump, also qualified for state and narrowly missed placing.

Congratulations to all of the 1986 girls track team. It was the most successful season in our girls track history.

Real Heroes

In our school there are many athletes that are looked upon with great respect, but among those great athletes are the so-called "bench-warmers". These are the athletes that aren't in the paper or the announcements, but without them, our teams would be without the necessary spirit and drive. We asked the coaches to express their feelings about particular athletes or groups of athletes who they felt should be given a chance to be in the spotlight.

When you hear the words "Ithaca High School Football", you probably think of the names of the people on the starting line-up. But, the rest of the team is just as important, as was expressed by Coach Rice in the following:

> Anytime you have a team it must be realized that every player has a role that he/she must play. Often times the starters receive the bulk of the credit while second string receive little, if any, recognition.
>
> In my opinion it is the work habits and attitudes of those non-starters that determine whether or not a team will be successful. All of us need to be reminded that we can be replaced.
>
> The willingness to work hard while not receiving the recognition of the starters encourages one's teammates to work harder. We had two such players this year that I wouldn't trade for any other players on the team. They may not have received many votes for MVP but they were extremely valuable to the squad.
>
> Coach Rice

Dave Bangert + Travis Clady

Another team that has been fairly successful in the last couple of years is the Girls' Basketball team. Coach Donahoe also had some things to say about a couple of his non-starting athletes:

> A successful team in any sport has members who work hard outside of the spotlight's glare. Girls' Basketball has two such players this year in Jenny Faga and Barb Larrabee. Despite getting limited playing time in games, these girls are at practice almost every night making their contribution to the team. They wouldn't have to be there, but they are. They fill an important role on the team and their efforts are greatly appreciated.
>
> Coach Donahoe

Wrestling is another sport where non-varsity members don't receive a lot of credit for the work they put in. Coach Manning found it hard to decide on a couple of athletes because there are so many. But, as you ca see, he is very proud of them all.

> Scott Granger, Ron Granger, Brad Templen, Steve Henning, Dan Durst, and Doug Louis: these names will not be read about in the paper each week. This group, however, will be found day-in and day-out in the Ithaca Wrestling Room working as hard or harder than some of their teammates. They must at all times keep close to their weight even though they don't wrestle each dual.
>
> For this group of unknown wrestlers the words glory, praise, and being in the lime-light are only dreams today, but can become reality tomorrow. I take my hat off to this group of boys for their determination and loyalty to the sport. They are far more than just J.V.'s.
>
> Coach Manning

So, next time you see a team member sitting on the bench or standing on the sidelines, remember that he or she is also an important part of the team and should be praised.

Because of the lack of time and space, we were unable to cover all of the sports. We plan to continue this article in the future annuals. We would also like to thank the coaches for the time they spent, and we wish we could have used all of your comments.

Dee, Anita, and Maria

Bonus! Nice big quilt! We did not realize we were so close to the semi-finals. It all seemed to go by so fast. I want to thank you for the help you did with Prom. It was great to have a date. Jim really did a super job. This summer guys. This summer we have to come down & have a good time. Love, Cheryl

Dear Symphonie,

Thank you for your letter. I'm sorry to hear that you've been feeling down. I'm glad that you've been able to find some joy in your life, even if it's just a few moments here and there. It's important to remember that we all have our own unique challenges to face, and that it's okay to feel sad sometimes.

I'm also glad that you've been able to find some comfort in your pets. They can be a great source of support and love, and it's wonderful that you have them in your life. I'm sure they appreciate all the attention you give them.

I'm also glad that you've been able to find some solace in your writing. It can be a powerful tool for processing our emotions and finding meaning in our experiences. I'm sure your words have been a source of comfort for many people who have read them.

Thank you for sharing your thoughts with me. I'm here to listen and support you in any way I can. Please don't hesitate to reach out if you need someone to talk to.

Sincerely,

Dr. Melissa Lee Carter

Barry,
Well I had a good time getting yelled at in 3rd hr. study hall with ya. This school isn't the best but I've survived. Too bad I'll be at R.C. next year. Have fun this summer! I know I will! Good luck with your girlfriend. I hope all your dreams come true. Until we meet again! Ha Ha!
